in new zealand, cefquinome is severely restricted and can only be dispensed after a bacteriological test, even for clinical mastitis

holycrosshealth.org/hcgh

i've had my bottle for about 12 weeks now and it's just now on its last legs, so it lasts a decent amount of time

holycrosshealth.org/openhouse

if you wish to buy it from a thai market, ask for wan hang chora (the crocodile tail medicinal herb)
